

What is PBIS

School-Wide Positive Behavior Interventions Support (PBIS) is a state mandated data driven system that addresses student behaviors. Expectations have been developed by placing an emphasis on a school-wide system of support including proactive strategies for defining, teaching, and supporting appropriate behaviors to create positive school environments. Expectations of positive behavior for all students within a school are introduced, modeled, and taught in areas including the classroom and non classroom setting (such as hallways, playgrounds, and the cafeteria). Students are rewarded for following these expectations. Interventions are enforced when these expectations are not followed. These include consequences and reteaching of the expectations.

Mission Statement

To facilitate positive behavior change in our students and staff. To increase instructional time through the development of effective, proactive, educational-oriented interventions that result in reductions in the number of inappropriate behaviors by students and staff.

Dragon Dollars

Dragon Dollars are given to students who meet and follow the rules and expectations that have been established for implementing success in PBIS. All faculty and staff personnel may hand out Dragon Dollars to students. These can be used to purchase coupons for PBIS Incentive Days throughout the year.

PBIS Expectations
